SUMMARY

Detail-oriented and results-driven Software Engineering graduate with hands-on internship experience in AI-powered and full-stack development with a proven record of leadership across academic settings. Adept at problem-solving, cross-functional collaboration, and delivering high-quality work from backend systems to event management. Committed to leveraging technical skills and a strong work ethic to drive meaningful impact.

EXPERIENCE

Tech Adventure LTD - Junior Developer and Personal Assistant

FCT, Nigeria

June 2025 - Current

- Collaborated with the principal on the design and development of an educational lesson plan application, contributing to both frontend and backend components.
- Assisted in the planning and development of software projects, contributing to various stages of the development lifecycle.
- Independently conceptualized and built personal applications, demonstrating initiative and self-driven technical growth.
- Managed and organized the principal's schedule, ensuring efficient time management.
- Attended meetings alongside the principal, recorded accurate minutes and prepared structured summaries for follow-up.

ZST Technologies - Software Engineering Intern (SIWES 2)

FCT, Nigeria

May 2025 - August 2025

- Gained hands-on experience with Docker, containerizing applications for streamlined deployment and environment management.
- Built and styled responsive web pages using HTML and CSS, and added dynamic functionality with JavaScript.
- Developed scalable, user-friendly web interfaces using React, applying component-based architecture and modern frontend practices.
- Introduced to server-side development using Django, implementing backend logic and database-driven application features.
- Contributed to a full-stack web project, integrating frontend and backend technologies to deliver a functional, production-ready application.

SKILLS

- Full Stack Development
- Python
- FastAPI
- React
- Canva
- Web Design and Development
- Time management
- Problem-solving
- Critical thinking
- Communication
- Team Collaboration
- Organization
- Leadership
- Creative thinking

EDUCATION

2022 - 2025

American University of Nigeria

Yola, Adamawa State

Bachelor of Science in Software Engineering

Graduated Cum Laude

TEDxAUN - Co-organizer

Adamawa, Nigeria

March 2025

- Co-led the planning and execution of the pioneer TEDx event at the American University of Nigeria, coordinating logistics, speakers, and committee members.

ZST Technologies - Software Engineering Intern (SIWES 1)

FCT, Nigeria

May 2024 - August 2024

- Developed and deployed an AI-powered project using FastAPI, demonstrating practical backend development skills.
- Designed and built a school website using WIX, delivering a polished client-facing product.
- Organized and managed business data using Microsoft Excel, improving data accuracy and accessibility.

HOBBIES AND INTERESTS

- Writing
- Painting and drawing
